

Riverbank Nursery

at Teesside High School

Our Vision

At Riverbank Nursery, we offer far more than early years care. We create a welcoming and enriching environment where young children are supported to grow, explore and thrive, building strong foundations for lifelong learning.

Our vision is clear and purposeful: to nurture confident, curious and kind individuals who take delight in discovering the world around them. Every aspect of daily life at Riverbank Nursery is thoughtfully considered to celebrate individuality, ignite curiosity and inspire a lasting love of learning.

Partnership is at the heart of everything we do. By working closely with parents and families, we ensure children remain at the centre of every decision we make. Together, we create a supportive and inspiring community where each child can grow, learn and flourish.

Our Curriculum

We are deeply committed to giving every child the very best start in life. To achieve this, we have developed our own bespoke curriculum, carefully tailored to inspire curiosity, confidence and a genuine love of learning. Our curriculum draws on the best elements of a variety of early years philosophies and embraces seven areas of learning and development, ensuring every child is supported to grow, explore and thrive at their own pace.

- Personal, Social and Emotional Development
- Communication and Language
- Physical Development
- Understanding the World
- Expressive Arts and Design
- Mathematics
- Literacy

Our Riverbank Roots

What truly sets Riverbank Nursery apart are our Riverbank Roots - five additional aims that underpin our curriculum and reflect what we value most. These roots provide strong foundations that nurture growth, confidence and lifelong development.

Encouraging Kindness, Empathy and Resilience

We support children to grow into kind, empathetic and resilient individuals who make positive contributions and develop an early understanding of the wider world.

Engaging with Nature

Connecting with the natural world is central to life at Riverbank Nursery. Through outdoor learning and exploration, children develop curiosity, awe and a deep appreciation for nature.

Promoting a Healthy Lifestyle

Children are supported to develop healthy habits through active play, balanced routines and an age-appropriate understanding of wellbeing, self-care and physical development.

Developing a Love of Books, Stories and Language

We place great value on storytelling, books and rich language experiences, inspiring a genuine love of reading and communication that supports learning across all areas.

Fostering Environmental Awareness

We encourage children to develop respect for the environment and an understanding of how their actions can help care for the world around them.

Riverbank Nursery is a place where childhood is cherished, curiosity is celebrated and every child is given the opportunity to thrive. For more information and to enquire about joining us, please visit www.teessidehigh.co.uk/nursery
